Adult Support: Training 2020

Our aim is to provide a suite of learning opportunities that are accessible, relevant and ever evolving, to meet your needs. Our young people have asked for us to, 'develop amazing section leaders with practical skills to deliver an inspiring programme.' Together this is exactly what we are going to build on and achieve.

Over the last two years you asked, and we have listened. Encompassing the three work pillars of scouting; programme, people and perception; this is our training plan for 2020.
